90%
of a child's
brain development
happens before
the age of 5!

Help Minnesota's youngest learners grow and develop.

Helping children build early literacy and numeracy skills ignites a love of learning and sets them up for success. To help more preschool children make a strong start, Early Learning Corps trains people to make an incredible impact as tutors.

By placing tutors in preschool classrooms, our youngest learners get extra academic support and encouragement. Tutors spend their days talking, singing, playing, reading and writing with children to help them build their skills and confidence.

The goal is to help early learners build strong foundations, and it's working! Be part of helping preschool children discover the joy of learning. Become an Early Learning Corps Tutor!

 **Early Learning**
CORPS

Help our youngest learners start strong.

Early Learning Corps helps kids grow and develop by training people just like you to be effective tutors. No experience is needed; we provide all the training and ongoing support! Our evidence-based program works and has already helped more than 100,000 students nationwide.

As an Early Learning Corps Tutor you will:

- Serve in a school setting (full-time and part-time options are available)
- Work one-on-one or in small groups with students who need targeted skills practice
- Collaborate with a classroom teacher to help students build both skills and confidence
- Track student progress and regularly meet with the school's on-site coach

Most anyone can make a great tutor. The most important qualification is your passion and desire to make a difference! To review minimum qualifications and additional details, visit us online at Join.ReadingandMath.org.

Early Learning Corps Works!

Preschoolers in classrooms with Early Learning Corps substantially outperformed their peers in emergent literacy outcomes.
